NOTES:
 * The right is reserved to make changes, without notice, at any time, in equipment, materials, prices, and specifications. Line drawings and photos may show some optional equipment.
 * Displacement and draft are based on an estimate of the model's displacement with smallest engines available. Displacement is estimated with full fuel and water. Actual figures will vary depending on production tolerances, equipment, supplies, and stores on board as well as operational and sea conditions.
 * Capacities of tanks are estimates and usable volume will vary depending upon conditions.
 * Generator and dockside service are not intended to supply power for all standard and optional accessories. Load must be limited to generator output rating and available dockside power.
 * Optional equipment prices are available through dealer and apply only if order is placed prior to going into production. Prices are standard installation only. Custom work is at extra cost.
 * In order to offer the full range of decor, selections are required with initial order. Variations in wood grain and color are natural and cannot be controlled in the manufacturing process.
